AVERY IS AN A DOCUMENTED ABOVE GROUND STORAGE SITE SO LTF MONIES
CANNOT BE
USED THERE.

WE INTEND TO KEEP SAND CREEK A HIGH PRIORITY FOR MONIES DUE TO THE
SURFACE
WATER INPACTS. WE MAY, HOWEVER, HAVE TO LIMIT OUR ACTIVITIES TO
THE PLANNED
REMEDATION THAT PREVENTS FURTHER MIGRATION INTO THE CREEK. THEN
HAVE THE
COURTS TO DECIDE THE REST.

I'd suggest Avery Landing, although Doug may feel Avery is
inappropriate
for Trust cleanup and we should hold off since the RPs are
discussing who
will pay. I am recommending Avery for Trust Cleanup because it is
taking far
too long and it is a serious problem. Potlatch, the Railroad Co.
and FHA do
not seem to be coming to any agreement. Please see what Doug
thinks.

Also regrading Sandcreek Gas n' Go; since this may be a long haul
and RPs are
